

Parents As Teachers™

a FREE evidenced-based home visiting program available through
Smart Start of New Hanover County
personal visits customized to meet the needs of your family

Trained Parent Educators work *together* with your family to:

- Look at your child's development and ways to support healthy growth.
- Discuss any parenting challenges you may be facing and connect you with available resources.
- Help ensure that your child is prepared for kindergarten.
- Share free monthly events where you can connect with other parents and children in the area.

If you have a child who is 4 years old or younger
and are interested in learning more about
